How long?	1 year
Skin	
Tone:	Medium
Ability to tan:	Very easy
Freckles:	No
Acne:	No

Describe your personality and character:	Growing up in a huge family of 116 extended family members, I have come to be a very outgoing and flexible person with a great sense of humor. I live every moment and every day to its fullest, mostly because I am so optimistic. I really do believe I can make anything I want a reality if I try hard enough. I have an immense work ethic and extreme dedication to activities I am passionate about. I would do anything for my friends and family when they are in need because they mean the world to me.
How would you describe your childhood?	Having a younger brother and a young sister, I would say I had an amazing childhood! My parents were also very active and really involved, so I always had activities to do or siblings and other family members to play with. I loved reading books, singing and dancing to the classic Disney movies, swimming in our pool, playing in the tree house and just having fun with my family and friends.
What's your favorite childhood memory?	My favorite childhood memory would be when I lived on the Oregon Coast for a year because at the time it was only my baby brother and I and there was so much exploring to do! My parents managed a hotel that my grandparents own, so I felt like I was living in my own version of Eloise at the Plaza. I spent my days running on the beach, listening to the ocean thru seashells and enjoying the sound of the wind and rain banging against the windows during stormy nights. I still go to the beach any chance I get a break from school, work and dance because it reminds me of all the fun times I used to have and it still puts a smile on my face. :D
Who has been the most influential person in your	I don't have just one influential person in my life because the most influential people in my life are my parents. Not to

life, and why?

sound click or anything, but they taught me everything I know. They raised me to be who I am today and I am very proud of everything I have done in my life thus far. My parents support me in everything that I do and taught me that if I work hard enough I really can accomplish all my dreams. So far, everything I have striven to do has become a reality because of the drive that my parents gave me to succeed.

What awards/accomplishments are you and your family most proud of?

I completed the Spanish Immersion Program, which means I did half of my school in Spanish from K-12 and I was also an IB student in High school. I have won the State Championships in soccer and have come very close multiple times. I was captain of my High school's Varsity dance team, where we won state 3 out of my 4 years on the team. I also won Miss Thunderbird, Cardinal Dancer of the Year and was on the All State Team. (All top awards to win as a dancer!) I also qualified to go to nationals many times on my dance studios company team. Now I am on the University of Oregon Dance Team and I get to perform at all football games, basketball games and many local and charity events supporting our school. We also get to compete at nationals in Anaheim, California and Daytona, Florida.

Describe some of your hobbies and interests:

I am very interested in language and other cultures, hence why I am studying Spanish and French. In school my class was given the opportunity to travel to Mexico in the 4th grade, Spain in the 7th grade and Costa Rica in the 8th grade. I also plan on studying abroad in France next summer. One of my favorite hobbies by far is dancing. I used to do ballet, jazz, hip hop, tap and everything in between up until I graduated High school. Now, being on a college dance team I don't have time to do any other genres of dance besides the team but I do love being an ambassador for the University of Oregon and representing my school. I also love to be outside and to be active and really to do anything as long as I'm with my family and friends!

What sports or activities have you excelled in?

I would say that the activities I have excelled in the most have been the activities I am most interested in. Not many people can say that they are trilingual, an athlete at the University of Oregon and have accomplished numerous state championships and personal awards, including Captain for soccer and dance during their time in High school. It was

	definitely not an easy road but all the blood, sweat and tears I put into my accomplishments made it worthy to me in the end.
Describe any artistic/musical talents you have:	I played the violin and clarinet in elementary school but I was never really interested. Instead I pursued my interest in dance. Ever since I started dancing I have loved it and I am still so passionate about it! There are those days where I am tired and don't want to go to practice, but I always ask myself why do I dance? The reasons for me are limitless and it always gets me into the right mindset to get up and do my best.
What are your future goals?	After I graduate from college I plan to move to LA so I can pursue my passion for dance, while also starting my career in international business. I love LA because of the city atmosphere, the ability to make a quick escape to the beach and because LA is so full of life! After I obtain a steady career and dance as much as I possibly can, I plan on settling down and moving back to where I grew up. I want to move back to Portland because it is a great place for families and children to grow. I hope to have at least 4 kids to continue adding to my family's huge family tree. And of course, I hope to live to see my kids have kids and just enjoy my family because that is the biggest and most important part of my life.

Reproductive History

Have you ever undergone any fertility treatments to become pregnant?	No
Intervals between periods:	28 days
Are your periods regular?	Yes
What method of birth control are your	Pills for 3 years off and on, but now I use regularly currently <u>Aviane</u> .

For Fun

Favorite movies:	I enjoyed Mean Girls, all of the Harry Potter movies, Titanic, Super Bad, Inception, Lion King, The Notebook and Austin Powers. I really like anything funny that will make me laugh or that I can watch over and over again.
Favorite Books:	I enjoyed The Hunger Games, Catching Fire, Just Listen, Speak and The Truth About Forever.
Favorite type of music:	I love all kinds of music, you could really find anything with a good beat and that is fun to dance to on my iPod.
Favorite food:	Again, I love all kinds of food! Anything from Mexican to Chinese to sandwiches to Ethiopian. My favorite meal of all time is steak, mashed potatoes and potatoes.
Are you a good cook?	I can be a good cook if I take the time and effort, but being in college I'm always on the go and never really have time. When I'm back at home I can whip up a delicious meal!
Do you sing in the shower?	I sing in the shower all the time and I sing a lot in the car too, so fun!
What's your	My favorite season is definitely summer. I love the sun, the warmth,

Nick Name: Gabrielle	
favorite season?	the beach and all the activities I can do outside in the summertime.
What's your favorite holiday?	Christmas! :)
If you could be animal, what would you be and why?	If I could be any animal I would be a lion because I love the climate they get to live in, they are beautiful and strong, and I love that they are considered "the king of the jungle."
+	
Why do you want to become a donor?	I want to become a donor because I come from a huge extended family of 117 and I love everything that a family stands for and the support system that my family is for me. I can't imagine not being able to reproduce and make a family, so I would love to help people make a family of their own.
Do you have a message you would like to share with the recipients?	I wish you the best of luck in finding a donor that is right for you and congratulations on becoming a parent!
